

When Only The Best Will Do...

With over 30 years of expertise, **Trident** is the premier solution for restoring, protecting and maintaining a variety of surface investments. **Trident's** innovative and premium quality sealers provide the ultimate in surface protection, enhancement and joint stabilization. **Trident** is trusted by contractors and project owners who won't settle for second best for their commercial and residential projects. *Trust your surface to Trident!*

Break Wall

SUPERIOR WATER REPELLING & SALT BLOCKING SEALER

- Advanced Reactive Chemistry For Excellent Surface Protection
- Guards Against Water, Salt & Freeze/Thaw Damage
- High Performance Silane/Siloxane Blend
- Applies Easily On Dry Or Damp Surfaces
- Invisible Penetrating Water Based Sealer

Break Wall can be used on concrete & clay pavers, natural & manufactured stone (containing quartz or other silicas), flat & stamped concrete, segmental retaining wall block, concrete walls, exposed aggregate, unglazed tile and grout. (Always perform a pre-test in a small area to verify performance and appearance before applying.)

Coverage Per Gallon:

APPLICATION	SQ FEET	SQ METERS
Pavers & Other Hardscape Surfaces	75-200	7-18.6
Concrete	100-200	9.3-18.6
Retaining Walls & Other Vertical Surfaces	50-200	4.6-18.6

Coverage based on two coats applied wet-on-wet at right angles to first coat. Use approximately two thirds of the estimated amount on the first coat and one third on the second ensuring saturation and complete coverage. Actual coverage may vary depending on the type, age, condition and porosity of the surface, application method and other local conditions such as temperature.
