Introducing Hurricane CAT 4... a multi-functional sealer that beautifies your surface by stabilizing (harden) joint sand to help reduce sand washout, weeds and insect infestation as well as provide deep surface enhancement and durable protection.

Hurricane CAT 4

2-PART URETHANE - WET LOOK JOINT STABILIZING SEALER

- Advanced Sealer Performance
- 3 in 1 Product: Seals, Enhances & Stabilizes Joint Sand
- Deep Color Enhancement with Gloss Finish
- Durable Surface Protection
- Fungal Guard Protects Sealer Film From Mold, Moss & Algae
- Breathable Water Based Sealer

Coverage Per Gallon:

APPLICATION	SQ FEET	SQ METERS
Sealing With Joint Stabilization	80-120	7.4-11.1
Sealing Without Joint Stabilization	200-300	18.6-27.9

Coverage per gallon once mixed and diluted. Single application. Actual coverage may vary depending on the type, age, condition, joint size and porosity of the surface, application method and other local conditions such as temperature. For more uniform coverage, a second coat should be applied after the first application has visually cleared and dry to the touch, usually within one hour.

Suitable Surfaces:

Hurricane CAT 4 can be used on concrete & clay pavers, natural & manufactured stone, travertine, flat & stamped concrete, segmental retaining wall block, concrete walls and exposed aggregate. For Professional Use Only. Always perform a pre-test in a small area to verify performance and appearance before applying.
