

# ROADWAY TO SUCCESS

## Introduction To Sealing Class

'Successful Sealing With Trident' paves the way by teaching the basics on what it takes to be successful at cleaning, sanding and sealing. Classes are available regularly online or in-person.

## Trident Live

Trident's live training events are an invaluable part of the **Roadway To Success** where you observe and participate in a surface restoration from start to finish.

## Advanced Training

Go above and beyond with an advanced course that offers training and advice on creating systems, pricing, hiring and avoiding burnout.

## Complete 5 Jobs

Gaining real life experience is a critical part of the learning process which is why completion of 5 jobs using Trident products is a necessary requirement of the Master Technician Certification program.

## Trident Commitment

Only those who have committed to using Trident sealers exclusively and completing all steps of the **Roadway To Success** program will be recognized as a Trident Master Technician.
