

# TRIDENT RESOURCES

## Trident Website

Place your order online and access an abundance of information, helpful tools and resources at [tridentprotects.com](http://tridentprotects.com):  
Tech Data Sheets, Videos, Safety Data Sheets, & more!

## Tech Data, Safety Data & Sell Sheets

For complete product information and instructions, refer to Trident's Tech Data Sheets (in English and Spanish). Trident's Safety Data Sheets contain the physical, health and environmental hazards for our products. Trident Sell Sheets can be used for sales presentations. All are located in the Resource Library at [TridentProtects.com](http://TridentProtects.com)

## Product & Sand Samples

Trident Sealers & Cleaners are available in small sample sizes for use in pre-testing and in sales demonstrations. Trident Polymeric Sand pucks and Joint Sand samplers help close more sales!

## Trident Trusted Team of Professionals

Trident's top rated Sales & Support Teams work tirelessly to support you throughout the process of purchasing and using Trident products.

## Trident Protects Contractors Only Facebook Group

Network, connect and find support with other Trident users in our private Trident Protects Contractors Only Facebook Group.

## @TridentProtects YouTube Channel

Watch and learn from Trident's How To Videos. Sealer Application and Cleaning Method Videos are available on YouTube @TridentProtects or in our Resource Library at [TridentProtects.com](http://TridentProtects.com).

## UNIVERSITY

### Online & Live Training

Trident's T<sub>3</sub> University offers classes and certification programs for business owners and their technicians to build confidence and trust through higher learning.

## Quality Marketing Literature

Trident's Contractor & Owner focused literature explains the benefits of cleaning & sealing surfaces with quality Trident products.
